118) Bartmann i die Württ. Kaefd, 18! Richtige bat icon Du

Richtige hat schon Dir 1110 Die bisher Ubschrift des Herrn P

Bedoch erft von Wurtt, 1555 idreibt fic die maggebende Bedeutung ber, welche Breng für den füdwestdeutschen Gottesdiensitypus gewonnen bat. Sofort im folgenden Jahr 1554 wurde diefe KO im gangen wortlich nach Pfalgnenburg übertragen, von wo fie 1556 nach Kurpfalg gelangte; im letteren Jahr wurde fie auch in der Markgraffcaft Baden, Pforgheimer Unteils angenommen.120) Und als die Pfalgifche Gronung von 1563 die Wendnug jum Calvinismus vollzog, in doch Einzelnes aus jener Borlage fteben geblieben. Die unbedeutenden 21bmeidungen auf liturgifdem Gebiet, welche bei Pfalgneuburg gu bemerten find, erflaren fich aus der Rudfichtnabme auf bereits feftftebende Brauche des ebedem ftreng lutberifden Landes. 21m bemertenswerteften ift noch die Einschiebung der öffentlichen Beichte und Abfolntion gwischen Predigt und gemeinem Gebet mit der Begrundung, daß nur eine mit Gott verfohnte Gemeinde mit "tröftlichem Gewiffen und ficherem Glauben" beten fonne. Diese Gronnng fand um 1567 2lufnabme in Dintelsbubl, das feinen Unichlug fruber bei Murnberg gefucht batte.121) Es verftand fich, daß and Mompelaard fic der murttembergifden KO unterwerfen muste, 122) Es gefcab dies 1560; doch wurde der ichweigerische und fragburgifche Einflug daselbft nicht ohne mancherlei Widerftand gnrudgedrangt. Nabe mußte es liegen, daß fleinere benachbarte Gebiete wie Ottingen. Barburg 1558 und um diefelbe Teit Limpurg der wurttembergifden KO beitraten.128) Die Einführung der Brengifden KO wurde dadurch gefordert, dag einzelne diefer Kirchenwefen unter Brengens oder Undrea's perfonlicher Mitmirfung eingerichtet murden,

In anderen Gebieten bat jene wenigstens als Dorbild gewirft oder in einzelnen Beftandteilen Eingang gefunden. Beides trifft zu auf die Ulmer Gottesdienftordnung von 1556, durch welche Sams Bandbudlein erfett wurde. 3n der KO von Pfal33weibruden 1557124) find die Medlenburgische Ordnung von 1554 und die Württembergische auf eigentumliche Weife in einander gearbeitet. Und eigentlich liturgifche Stude ftammen aus Württ., fo die formulare für Caufe und Jahtaufe, das Crauritual, die form des Gemeingebets und der Litanei, mabrend die Bestimmungen über die gemeinen Kirchenanter am feiertag und Werftag, über die Beicht- und Abendmahlsordnung in der Banptfache aus Medlenburg übernommen find. 2Ind Deit Dietrichs 2Igendbudlein und Ball 1543 find benutt; aus der letteren merden die Leichenpredigten entlebnt.

Den Einfing der murttembergifden KO zeigt nur wenig die von Rothen. burg o. C. von 1559,125) 21ach dem Tengnis der Fama Andreana (S. 67) ift Jatob Undrea der Urheber diefer IO, womit auch die lotale Uberlieferung übereinftimmt.126) In liturgifder Binficht mar eine Unsaleidung mit der braudenburgifden KO von 1552 (= Brand. nurnb. von 1553) geboten, die guerft im Rothenburgifden in Geltung geftanden batte. Deren Ginfing überwiegt auch durchaus denjenigen von Württ. 1553, indem es insbesondere bei der brandenburgischen Taufform und form des Abendmabls bleibt. Und ift die Privatabsolution obligatorifd. Dagegen find Abschnitte wie Don dem Kirchengesang, Don der Kirchentleidung, Was an festen und feiertagen foll furnemlich gepredigt werden

## Über die Pflicht zur Teilnahme am Gottesdienste

von Friedrich Curtius in Colmar.

In der Movembernummer des letten Jahrgangs diefer Zeitschrift hat Mar Rieger die Frage aufgeworfen, ob nicht der Besuch des Gottesdienstes auch für Protestanten, wenn and nicht als eine Gott geschuldete Ceistung, doch als eine Pflicht gegen die Gemeinschaft angnerkennen sei. Im Konfirmandenunterricht pfleat diese Pflicht bei Erklärung des dritten Gebots eingeschärft zu werden, und pon der Kangel herab werden nicht selten die Immesenden genötigt, den Tadel anguboren, der den Abwesenden gilt. Es ift flar, daß auf protestantischem Boden eine Derpflichtung jum Befinche des Gottesdienstes nur aus dem Gedanken der Gemeinschaft abaeleitet werden fann. Obne Zweifel folgt ans jeder Jugeborigkeit 3u einer Korporation die Pflicht zur Toilnahme an deren Ceben und Bandeln. Wer Mitalied eines Befangvereins ift und bleiben will, that Unrecht, wenn er die Proben verfanmt. Aber tann man im Ernfte behaupten, dag unfere Bottesdieufte gemeinsame Bandlungen der Gläubigen seien? Sie faugen so an und endigen so - aber der Bauptteil des Gottesdieustes, von deffen Qualität Wert oder Unwert des Gangen abhanat, ift und bleibt die Predigt. Bei diefer unn besteht die Beteiligung der Gemeindeglieder im Stillefitzen und Juboren. Genan wie in der Schule. Alle guten Prediaten find Werke der didattifchen Profa, und wenn der Prediaer im Gefühl davou, daß Huterricht und Kultus eigentlich nicht dasselbe sind, nicht unterrichten, sondern auf andre Weise "erbanen" will, wenn seine Ergusse fich dem lyrifden oder aar dramatifden Stile zuneigen, fo begeht er eine Stilwidrigkeit, die fich regelmäßig furchtbar racht. Die aute Predigt ift durchaus belehrend. Selbstverständlich wird die form jedes Unterrichts durch die Urt seines Gegenstandes Rein Meufch fann religiöse und ethische Wahrheiten in dem ruhigen Bleichmaße der Stimmung portragen wie mathematische Cebrfage. Aber diese notwendige Beteiligung des Gemüts an dem Begenstande des Dortrags sieht dem

didaftischen Charafter der Rode nicht entgegen. Ist num die Predigt das Hanptstäd des Gottesdienstes und ist sie ihrem Wesen nach Unterricht, so ist sede Weitigung zum Resude des Gottesdienstes ein die an das Erbensende sortgeschter, für beide Geschlechter und für alle Vildungstussen gleichmäßig geltender Schulzwang. Das also ist die Frage, ob man einen so weitgehenden Schulzwang als eine kirchliche Institution aussiellen und verteidigen fam.

Bewiß foll der erwachsene, selbst der alternde Mensch nicht aufboren zu lernen. Aber der reife Mann bat por dem Knaben das Porrecht, daß er fich feine Cebrer und Meister frei wählt. Und eine folde freie Wahl des religiofen Cehrers besteht für den erwachsenen Ebriften unr ansnahmsweife. In Berlin tann jeder einen Prodiger finden, der feiner Judividualität, feiner Unffaffung der Religion, feiner Bildmig und seinen Sympathicen entspricht. In fleinen Städten bat man unter vier oder fünf Predigern die Unswahl. Buf dem Cande ift es eine reine Sache des Bufalls, ob der Beiftliche, zu doffen Bemeinde man gebort, gerade fo beschaffen ift, daß man mit Überzengung und mit Mugen bei ihm in die Schule geben tann. Die gange Ordnung Siefes Unterrichts leidet doch an dem Mangel, daß diefelben Leftionen für Männer und Weiber, Greife und Kinder, Gelehrte und gang Ungebildete bestimmt find. Es ware aradezu ein Munder, wenn derfelbe Unterricht allen diefen fo verschiedenartigen Schülern angemeisen ware. Da aber der Bwed des Unterrichts Bildung ift, der der Predigt religiofe Bildung, jo fann eine Pflicht gur Beteiliaung an Diesem Teile Des firchlichen Cebens nur soweit besteben, als jener Zwed bei dem einzelnen erreicht wird. Predigten, die mir nichts bieten, midy nicht geistig fördern, Sonntag für Sonntag über mich ergeben zu laffen, taum unmöglich meine Pflicht fein, so wenig wie das Cofen eines religiösen Buchs, das vielleicht anderen vortrefflich scheint, mich aber lanaweilt oder abstößt.

Um ftrebt man in der Erkenntnis Diefes Abelftandes danach, durch reichere Ausachaltung der Citurale, in welcher ja thatfächlich religiöses Gemeinschaftsleben jum Ausdruck kommt, den Gottesdienst umznachtalten. Aber entweder bleibt die Predigt das Bamptftud, zu der alle Citurgie fich nur wie eine Vorbereitung oder ein Machtlang verhält, oder, wenn die Predigt gang gurudtritt oder wegfällt, jo feblt der Kultusbandlung die Einheit. Alle unfere Lituraieen find ja Trummer der alten Megorduma, der ibr Gentrum und ihr Bobepunkt genommen ift. Sie machen den Eindruck wie etwa die Repetition des Jeremoniells für die Einbolung und Bogrüßung einer hochgestellten Person, die aber selbst ausbleibt. Will man die Citurgie wieder zu einer Einheit maden, ihr die Steigerung der Stimmung bis zu dem weihenollen Babepuntte und das harmonische Unsklingen wiedergeben, fo ming man ihr verlorenes Jentrum wiederheiftellen. Wie die Meffe bei den Katholifen, jo ift die Kommunion bei den Protestanten nicht eine von mandjerlei Urten des Gottesdienftes, foudern der Gottesdienft, die driftliche Gemeindefeier, das apostolische Brothrechen in seiner allem Wandel der Zeiten und Sitten enthobenen verklärten form, die einzige vollkommene Darftellung des driftlichen Erlöfungsglaubens und des driftlichen Bruderbundes. Darum bezeichnet ja dasselbe Wort die geier des heiligen Abendmahls und die in dieser geier Gestalt gewinnende Gemeinschaft der Glanbenden. Maturlich tann man den Charafter diefer Seier nicht gründlicher entstellen, als wenn man die Teilnahme zu einer Probe auf gründlichen und erfolgreichen Unterricht in der chriftlichen Cehre macht und das Bekenntnis zu irgend einer Cehrvorstellung über das Sakrament fordert. Gerade daß bier das Wort verstummt und das Symbol an feine Stelle tritt, macht den

universellen Charafter der Kommunion. Am dersenige kann sich prinzipiell von ihr ausschließen, welcher thatsächlich entschlessen ihr ausschließen, welcher thatsächlich entschlessen ihr ausschließen. Es ist dabei ganz gleichzültig, wie man über den historischen Dorgang der Einschung dentt. Denn sedensfalls hat die urälteste Überlieserung mit genialer Sicherheit an jenen Dorgang die ewig güttige Gestaltung der evangelssichen Gemeinschaftsseier ausgehührt. Das Zusgeden der Kommunion ist eine selbsperkängte, sellsswollzgene Ertonnumikation, daher im Wöderspruch nicht nur mit dem Gebote der religiösen Gemeinschaftssplage, sondern mit der Pflicht religiöser Selbsserhaltung. Wenn die Kirche auf regelmäßigen Sonntagsfirchenbesuch dringen will, muß sie den Hauptgottesdienst durch die Kommunion und nicht durch die Predict beberrichen lassen.

Ich brauche mobil nicht dem Mignerständnis porubengen, als ob ich den Wert und die Notwendiafeit religiösen Unterrichts in sorm von Schriftauslegung und freier Drediat perfennte. Wogn nabme man findierte Theologen jum Pfarraut, wenn nicht aus dem Beariffe des Protestantismus die Pflicht folgte, für eine auf der Bobe der Teitbildung fiebende religiofe Belebrung zu sorgen! Und es besteht grade in unserer Seit ein febr ftartes, vielfach unbefriedigtes Derlangen nach Unterricht im Christentum, ein Bedürfnis nach Erweiterung und Pertiefung des Schriftverständnisses, nach dogmatischer und apologetischer Unseinandersetzung mit der Kritit und der Stepfis der Geit. Es besteht auch ein deingendes Bedurfnis nach eingehender und erschöpfender Behandlung ethischer Fragen des indipiduellen und des öffentlichen Cebens. Alle diese Dinge werden auf der Rangel regelmäßig nur gestreift, nur oberflächlich und ungenügend behandelt, nicht zumeift ans Mangel an Eifer oder Befähigung, sondern, weil man die richtige Empfindung hat, daß der hamptgottesdienft nicht dagn da fein kann, mm Theologie gn treiben. Es muß aber in der Kirche Theologie getrieben werden. Wohin foll man dem junge Cente weisen, wenn sie, aus dem Konfirmationsunterrichte entlassen, nun erft in das Stadium der intellektuellen Entwickelung eintreten, in welchem fich die Religion auch dem denkenden Beifte, der fortschreitenden geschichtlichen und philosophischen Erkenntnis gegenüber als eine Macht der Wahrheit bewähren soll? Wir bedürfen einen reich ausgestalteten Unterricht im Christentum für junge und alte Chriften, Professoren und Arbeiter. Aber mir fdeint, dag die Wirfing der evangelischen Predigt grade durch ihre Stellung in der Mitte des Gemeinder gottesdienstes, der nichts andres als gemeinsame Unbetnng sein fann, beeinträchtigt wird, daß der Prediger mehr in die Bemeinde hineintreten, daß er and Einwendungen ertragen und beantworten follte. Es ift ein zweifellofer Abelftand, daß in einer Zeit, wo die öffentliche Kritit eine Grogmacht ift, die Verfündigung des Evangelinns in formen geschiebt, welche den Gegnern den Spott nabelegen, der Prediger habe gut reden, da ibn die Gefette gegen Storung des Gottesdienstes por Einwürfen ichnigen. In der That find Kultus und Unterricht gang verschiedene Dinge, und nur die Sojung dieser ihrer Matur widersprechenden Derbindung tam beide zu dem madjen, was fie fein follten.

Selbswerständlich fann es nicht die Absicht dieser Bemerkungen sein, eine plögliche, radifale Anderung der bald vierhundertjährigen Gestalt des evangelischen Hamptgottesdienstes zu vertreten. Alber die Erkenntnis des, wie mir scheint, prinzipiellen Sehlers in dieser geschichtlichen Bildung erscheint mir wichtig und namentlich für das Urteil über "Kirchlichseit" und "Unfirchlichseit" der Protestauten bedeutsaut zu sein.

#### Das 1. deutsche Bachfest in Berlin

von Hart Greutich, Daftor an der Kreugfirche in Pofen.

Unfere Monatschrift tann das I. deutsche Bachfest nicht mit Stillschweigen übergeben. Freilich tommen diese Zeilen nicht den Zwed haben, ein vollständiges Bild des dreitägigen Sestes zu geben und alles, was in den 3 Sestsongerten geboten worden ift, zu besprechen. Die größeren Tagesblätter und die Mufitzeitungen haben ja sämtlich eingehend über das fost berichtet, und wer sich naber dafür interessiert, möge sich die vom Dorsitzenden der neuen Bachgesellschaft, Prof. Kretichmar, verfagte, bei Breitfopf & Bartel erschienene, gang vortreffliche Softschrift tommen laffen. In diefer Stelle tann fich's nur darum handeln, dasjenige hervorzuheben, was etwa an diesem Bachfest für Kirche und Kultus von Bedeutung war. Da gerate ich aber in grae Verlegenheit; denn es gab bei dem Badtfest leider gar nichts, was nach dieser Seite rühmend hervorzuheben wäre; im Begenteil: die Bervorhebung tann nur negativer Urt fein! Die drei größten Kongertinstitute Berlins, die Philharmonie, die Königliche Bodichule für Musik und die Singatademie, brachten uns 3 Seutongerte, am ersten Abend in der Kaiser Wilhelm-Bedachtniffirche, am zweiten und dritten in der Singafademie. Jedes Konzert war schön in seiner 21rt; wir bewunderten hervorragende Dirigenten, stannten über gewaltige Chor und Orchesterleiftungen, freuten uns über manchen vortrefflichen Justrumental und Dofal Solisten (nicht gerade über alle!), - furzum, wir schwelgten in herrlichen afthetischen Bouuffen, wie sie vielleicht nur in Verlin in solcher fulle geboten werden fommen. Und ebenfo ftanden wir in der Bachellung im Seftsaale des Rathauses mit andächtiger Perehrung vor jo vielen und kostbaren Reliquien Bachs, wie eben nur Berlin fie aufzuweisen bat. Aber bei dem Berliner Bachfest ift nidyts geleistet worden, was einen Schritt vorwarts bedeutet hatte in dem Streben, diejenigen Werte Bachs, die für den Bottesdienft geschrieben find (und das find bei weitem die meisten!), nun auch wieder im Rabmen eines Gottesdienstes zu Gehor zu bringen oder wenigstens in einer Sorm, die nichts Peinliches und Störendes an fich bat.

"Die Badifchen Kantaten der Kirche wieder gugnführen, umg eine Bamptaufgabe ber Badgarbeit fur Die nadifte Generation fein" - Diefer Sat Prof. Krepfdmars in feiner gestichrift läßt uns hoffen, daß die 27. 3. B. ihre Aufgabe, die fie den firchlichen Werten Bachs gegenüber bat, von vornherein richtig auffaßt. Beim ersten Bachfest war freilich von fold einem Streben nichts zu merten. Caffen wir den Sat, der auf den soeben gitierten folgt, einmal gelten: "Einstweilen zwingt die Not, die Kantaten ins Konzert zu stellen". Diejer Satz mag fur die Berliner Derhältnisse wohl zutreffen. Aber, so mußte man sich fragen, warum mußte grade der Philharmonifdje Chor die Unfgabe guerteilt erhalten, in einem Kirchenfongert lanter Kirchenkantaten zu fingen? Ich weiß mich wahrhaftig frei von konfessioneller Befangenheit, von allem, was mit "Untisemitismus" zusammenhängt. Aber warum mußte grade Diefer Chor, der jum größten Teil ans Michtdriften besteht, die Kantaten fingen? Wie ein foldzer Chor fidt mit einem Texte abfindet wie dem zu "Christ lag in Todesbanden", ist mir unbegreistich. Es ist bei Bach doch wahrlich nicht fo, daß die Terte bloß Mebenfache find; nein, aus dem Tert herans ift die Mufit geboren; fie ift fo tief eingetandit in die Bedanten und Empfindungswelt, in die "Stimmung" der jedesmaligen Zeit, daß man fie ohne Berückfichtigung diefer Stimmung, allein vom äfthetischen Standpunkt aus, gar nicht voll und gang verstehen kann. Wer den gangen Bach haben will, muß seine religiöse Empsindungswelt mit in Kauf nehmen, — das hat uns der selige Philipp Spitta doch unverlierbar eingeprägt! — Warum konnte nicht die Singakademie und der Philiparmonische Ehor mit ihren Programms tauschen? Konnte sich die Singakademie um eines Bachseises willen nicht einnal von ihrer alten Tradition losreisen und auch einnal in einer Kirche singen? Oder giebt es denn nicht in Berlin leistungsfähige Kirchenchörer? Ging es denn nicht an, daß der Donachor oder einer von den größeren Kirchenchören herangesogen wurde, in denen Knaben singen? Wir hätten gern einnal Bachsche Kantaten von Knabenstimmen gehört! Dielleicht käme eine solche Ausstührung, die naturgemäß mit kleineren Mitteln arbeiten müßte, dem Geiste Bachs auch näher als Imführungen von modernen Riesenchören, die durch ihre gewaltigen Mittel die Chorleiter geradezu versühren zu Effekten, die aewiß wenig im Sinne Bachs sünd?

Solche Fragen sind, wie ich weiß, während der Verliuer Tage in vielen Sestetlinehmern nicht stille geworden. Eesder gab es seine Gelegenheit, sie laut werden zu lassen. Denn wenn unser verehrter Porsteuder im Programm der U. 3. G. schreibt: "Die Bachssese sind be stelle, wo eine Alenge noch schweckender Fragen zum prastischen Austrag gebracht werden sollen. Dahin gehören Meinungsverschiedenheiten über technische und ästhetische Probleme, siber Uccompagnement u. s. w. Auch sollen die Seste den Mittelpuntt für die Derehrer Bachs biden und unter ihnen dieseinigen persönlichen Bande snüssen, die Kunstrichtungen ihre Stärfe gebeu" — so wurden diese Punstte des Programms in Berlin einstach ignoriert — aus Politis?! Hossenstille brüngen uns die nächsten Bachseie aus einem nach dieser Richtung hin günstigeren Boden und die Erfüllung dieser Programmpunstte, die wir Bachsennde grade mit besonderer Frende begrüßt haben.

Noch ein Geschehnig darf an dieser Stelle nicht verschwiegen werden, das viele tief verlett bat. Um zweiten Abend fang der Bochschulchor in der Sing-Afademie die Motette "Jesu, meine freude". Don dem fleinen Chor wurde vorgualich gefungen; vielleicht war dies die beste Chorleistung der 3 Abende. Aber was geschah nun? Mach jeder Strophe erhob sich ein donnernder Beifallssturm! Und du, heilige Singafademie, stürzest nicht ein über solchen Grevel? Und feins von den Mitgliedern des Dorftandes fteht auf und verbittet fich fold entjegliche Tattlofiafeit im Namen Job, Seb, Bachs? Sein mit dem Bergblut aläubiger Sehnsucht geschriebener Lieblingschoral herabgewürdigt jum Dirtuoseustud, jum Kaviar für verwöhnte mufitalijde Gammen?? Mochte mis foldes in Butunft bei einem Bachfest erspart bleiben! - Dies ware etwa das, was vom Standpunft unfrer Monatschrift über das Bachfest zu sagen ware. In der hauptsache find es pia desideria an die Adreffe des Porftandes der 27. 3. 6., aber chenfo an die Adresse aller derer, die in unfrer Kirche verantwortlich fund für die Entwicklung unfrer gottesdienstlichen feiern. Unter den Ausschuf Mitgliedern der A. B. G. befinden fich ja auch 3 Vertreter unfrer Kirche, D. Bart hausen, D. Pant und D. fr. Spitta: Kirchenregiment, Pfarramt und Universität find durch sie reprasentiert. Möchte dies ein gutes Omen für die 27. B. G. fein! Möchte das doch bedeuten, daß unfre Kirche in allen ihren maggebenden Kattoren es fich gur Aufgabe ftellen will, den größten Prediger des Engugeliums neben Euther für unfre Kirche gurudzugewinnen! Und gum Schluß fei es noch betont, um Migverständniffen porzubeugen: Nicht jene find Schuld, die Bad'iche

Musit in reiner Kunstbegeisterung pslegen und sie im Kongertsaal zu Gehör bringen — ihnen gebührt nur warner Dant, das sie desse Werte der Verrescheneit entreisen. Unser Kirche allein trägt die Schuld, daß sie diese herrsichen Perlen 150 Jahre lang hat im Stande liegen lassen, und daß sie auch hente noch — um des Dogmas von der a capella Musit willen! — ihre Pforten verschließt vor den größten Werten, die für den evangelischen Gottesdienst geschaffen worden sind.

# Illein Gott in der Höh sei Ehr

Es ift den freunden des evangelischen Kirchenliedes verhältnismäßig wenig bekannt, daß einer unster am meisten gebrauchten Gesange "Alllein Gott in der Bob sei Ehr" zuerst in niederdeutscher Sprache erschienen ist. Die älteste uns überliesetet Textsorm ans dem Jahre 1823) hat solgenden Wortlaut:

- Gloria in ercelfis deo.

  I. Aleine God in der höge in eere vn dank vor inne gnade,
  Darumme dat nu vn vort nicht meer vns rören mach eyn ichade.
  Cyn wolgeuallent Godt an vns hath, nu ys groth vrede aen vnderlath
  Alle veyde nu hefft eyn ende.
- 2. Wy lauen prysen anbeden dy, vor dyne ere wy dy danken. Dath du Godt vader ewichtyk regeerst aen alle wacken, Gant ungemeten ys dyne macht, vort geschuth wat dyn mylle heffi gedacht. Wol vns des sonen heren.
- 3. G Jesu Christ, sone ennghebaren bynes hemmelschen vaders. Dorsoner der de weren vorlaren. du styder unges haders. Cam Gades, hyllighe here und groeth, nym an de bede van unser noeth. Dorbarme by unser Zmen.
- 4. O hydinge genft, du gröffte guth, du alder helisammeste tröster. Vor däueles gemalt vordan behüth, de Jesus Christus voriösede. Dorch grote marter und bytteren doth, afswende alle unsen iamer un noeth, Dar tho wy uns vorlaten.2)

Dag diefer Cert nicht blog fprachlich, sondern and inhaltlich von der gorm abweicht, die das Lied dunchschnittlich in unsern Gesangbüchern hat, wird ja dem Leser sofort auffallen. Möge es mit gestattet sein, nachzuweisen, von welcher Wedentung diese Alweichungen für das Derständnis unsere Liedes und die geststellung seiner ursprünglichen Gestalt find.

Am meisten fällt auf, daß die dritte Strophe mit den Worten "vordarme dy vniger Umen" schieft, während unsere Gesangbücher durchweg leien: "erbarm dich unser aller aller aller Eesart berechtigt? Solche unschuldige grage aufzuwerfen und daraussin erma "unser aller" als spätere Korrettur zu ertlären, wie das Ph. Wackernagel zu Gumpen der Eesart ,unser Umen" gethan hat, wird von neueren tymnologen in einem Cone verboten, der uns für einen Ungenblick zweiseln macht, ob wir uns überhaupt noch in der evange- lischen no nicht vielmehr in der muschlibaren katholischen Litche besinden. Fischerd) meint,

<sup>2)</sup> Der von Wadernagel, Das deutsche Kirchenlied III, S. 565, gegebene altefte Cert aus dem Jahre 1256 unterfcheidet fich von dem oben nur in untergeordneten orthographischen Dingen.

<sup>3)</sup> Kirchenlieder Legiton, I, S. 53.

311 Gunsten von "aller" sei 311 betonen, "daß die kirchliche Sanktion darauf ruht." Was jih denn das für eine Kirche, welche die erst seit 1564 nachweisbare Kesatt "aller" so zu sanktionieren vermag, daß die Kesatren aus dem vorhergebenden vierziglächtigen Geitranm damit aufgehoben sind? Jedensalls eine solche, von der sich ein Lynmolog nicht abhängig machen dart, wenn er darauf Inspruch erhebt, daß man seine Korschungen ernsthaft als bistorische betrachte.

Beben wir der Sache auf den Grund, fo haben wir gunachit festguftellen, wie es mit der außeren Bezeugung der vericbiedenen Cesarten ftebt. Danach findet fich "21men" nicht blog in den drei alteften niederdeutschen Druden aus den Jahren 1525, 1526 und 1531,4) fondern auch in den beiden alteften bochdeutschen von 1539 und 1540.5) In den niederdeutschen Druden erscheint von 1534 an die Cesart "Urmen" und in den hochdentichen um 1540 in einer Überfetjung, deren ftarte 2lbweichungen von dem Griginal überall bervortreten.6) 3m Jahre 1564 tritt das Bonner Gejangbuch mit der Cesart "aller" bervor, die fich dann in der evangelischen Kirche durchgefest bat.?) Ungefichts dieses Thatbestandes wird man "Umen" für die urspringliche Certgeftalt balten muffen, um fo mehr, als für fie auch gewichtige innere Grunde fprechen. Es ift ein befannter tegtfritifder Grundfan, daß die ichwierigere Lesart den Dorgug vor der leichteren bat. fifder urteilt nun: "Das fur "Urmen" gefette "Umen" mag ans Migrerftand des Genitiv oder aus blogem Perfeben entstanden fein und pagt mitten im Liede nicht." Dag letteres der Sall ift, wird man gugeben. Alber folgt darans nicht gerade, daß man das anftogige "21men" befeitigt Mehmen wir an, das Urfprungliche mare das von fifcher bevorzugte "aller" gewefen, wie follte man fic dann erffaren, dag daraus die Lesarten "Urmen" und "Umen" entstanden maren? Er macht nicht den leifeften Berfuch, diefes Problem gu lofen, fondern flagt nur gegen Wadernagel, daß diefer mit dem von ibm bevorgngten "21rmen" gu den bestehenden verschiedenen Cesarten noch eine neue binguffige, und dag "aller" nichts weniger als "nichtsfagend" fei. Unf foldem Wege werden allerdings tertfritifche Probleme nicht gelöft. Lage die Sache fo, wie gifder es fich vorfiellt, daß "2lmen" aus "2lrmen" entstanden mare, fo murde danit gerade der traditionellen Lesart jeder Boden entzogen fein, da bann famtlide niederdeutide und boddentide Gefangbuder von 1525 bis 1564 fur "Irmen" gengten. Man hatte dann allen Grund, Wadernagel in der Forderung guguftimmen, daß in unfre Gefangbucher die Lesart "Urmen" wieder Unfnahme finde folle, wenn and feine Behanptung, "aller" fei nichtsfagend, als etwas gn temperamentvoll abgewiesen werden müßte.

Im Ernfte tann es fich nur handeln um die Wahl zwischen "Almen" und "Almen". Wackernagel entickeider sich für "Almen" und bezeichnet "Annen" als anitösig. Iber war dieses Alnstößige nicht der Alnstoß dafür, daß man es forrigierte? Und erflärt es sich nicht besonders leicht, daß die einen es als einen blogen Schreibfebler ansahen und sich deskald mit der Ergänzung eines Undstadens "et beginigten, während die anderen das anitößige Wort durch ein anderes, gewiß nicht unpassendes, nämlich "aller" erseiten? Es ist bekanntlich eine der ersten terkfrisischen Regeln: die Kesart ift die ursprüngliche, ans der sich die anderen am leichteiten erflären. Die Versinche aber, verständlich zu machen, wie ans dem ganz unanstößigen "Almen" geworden, missen als vollssändig missenngen bezeichnet werden. Gegen die Annahme eines bloßen Schreide bezw. Druckselbles spricht, daß sich dies Eesart in den fins ältesten, durch Heit, Ott und Sprache von einander

<sup>6)</sup> Abgedrudt bei Wadernagel S. 567.

Jon der mangelbatien Affrike mancher Altbeiter auf hymnologischem Gebiete findet sich bei R. G. Wirth, Der evangeliche Liederschan, seine Entstehnna und seine Verwertung 1, 533 ein Veispiel. Er schildert den tertfrisischen Thatbeitand so: "In Str. 3, 7 lefen salt niederdeutschen Gesanglücher "armen" "für die Kesatt "armen" sinder sich nach ab das auch in die Sejangblücher unstern geit ausgenommene "Aller".

weit getrennten Ausgaben findet. Micht beffer ftebt es mit Wadernagelse) Erflärungsverfuc. Er meint, man babe den Benetiv "unfer Irmen" = "über nus Ilrme" im Sinne von "unfrer Urmen" = "über unfre Urmen" migverstanden und, da diefer Sinn nicht paffend erschien, ftatt "Urmen" ein "Umen" gesetzt. Hiergegen ist folgendes zu bemerken: 2) Es ist von vornherein unwahrscheinlich, daß man "unfer Urmen" migverstand, jumal da Wadernagel felbst Beispiele aufweift, wo diese form vorfommt; 2) Selbst wenn man die Worte migverstand, fo ift es unwahrscheinlich, dag man fie als forretturbedürftig empfand; 3) Selbst wenn man fie für forretturbedürftig hielt, fo ift es gang nuwahriceinlich, daß man das erft recht auftößige "Umen" einfügte ftatt "Urmer" oder "aller". - Auftatt wie gifcher und Wirth den Wadernagelichen Behauptungen fritiflos ju folgen, wird man vielmehr mit 21. 3. Rambad9) und 3. Münell 10) "Umen" als die Briginallesart aufeben muffen.

Uber meshalb fo viel Umitande maden megen folder Kleinigfeiten? Bleibt es fich nicht ichlieftlich aleich, ob mir lefen : "Erbarn bich unfer! 2Imen" oder "Erbarm bich unfer Urmen" oder "Erbarm dich unfer aller"? Dem Sinne uach gewiß. Aber wir werden gleich feben, wie wichtige folgerungen fich ergeben, wenn "Umen" als die ursprüngliche Cesart festgestellt worden ift.

Es ift und bleibt anftoffia, dag nicht die vierte und legte Strophe des Liedes, fondern die dritte mit einem Umen foliegt, und es erflärt fich leicht, dag eine der alteften boddenticen Aberfetjungen unfres Liedes 11) am Ende der dritten Strophe "Armen" lieft und das "Umen" ans Eude der vierten fent. Wenn das fünfftropbige niederdeutsche Benedicite von Johannes Freder 12) binter der vierten und fünften ein Ilmen bat, fo erflart fich das einfach daraus, daß in Str. 3 und 4 eine Berfiftation des Baterunfers vorliegt, gu dem Str. 5 noch das Schluggebet fügt. Eine derartige Erflarung giebt es für unfer Lied nicht, da es die Derfifitation nur Eines Gebets, jenes altfirchlichen bynnnus, in, der als Gloria in excelsis einen Bestandteil der Meffe bildet und in der Reformationegeit in Profa oder Liedform ins Deutsche übertragen worden ift. Jedenfalls werden wir fur etwaige Duntelbeiten im Terte unfres Liedes guerft in dem lateinischen Briginal die Erflärung fuchen müffen. Diefes lautet: Gloria in excelsis deo et in terra pax hominibus bonae voluntatis. - Laudamus te, benedicimus te, adoramus te, glorificamus te, gratias agimus tibi propter magnam gloriam tuaur, domine deus, rex coelestis, deus pater omnipotens. - Domine fiti unigenite Jesu Christe, Domine deus, agnus dei, fitius patris. Qui tollis peccata mundi, miserere nobis. Qui tollis peccata mundi, miserere nobis. Oui tollis peccata mundi, suscipe deprecationem nostram. Oni sedis ad dexteram patris, miserere nobis, quoniam tu solus sanctus, tu solus dominus, tu solus altissimus Jesu Christe cum sancto spiritu in gloria dei patris. Amen, Die traditionelle deutsche Aberfetzung lantet: "Ebre fei Gott in der 15obe und friede auf Erden und den Meniden ein Wohlgefallen. - Wir toben dich, wir benedeien dich, wir beten dich an, wir preifen did, wir fagen dir Dant um deiner großen Ebre willen, Berr Gott, himmlifder König, allmadtiger Dater. - Berr, du eingeborener Sobn Jefn Chriffe. Berr Gott, du Camm Gottes Sobn des Daters, der du die Sunde der Welt tragit, erbarme dich unfer. Der du die Sunde der Welt tragft, nimm an unfer Gebet. Der du fitgeft gur Rechten des Paters, erbarme dich unfer. Denn du allein bift beilig, du allein bift der therr, du allein bift der Allerhodfte, Jefus Chriftus mit dem beiligen Geifie in der Berrlichfeit Gottes des Baters. 21men." Don dem Mangel an Pragifion in den Unterfuchungen Sifchers zeugt es, daß er von diefent Bymnns fagt, er wende fich au Gott den Dater, den Sobn und den beiligen Beift. Letterer wird nirgends angeredet und nur im Schluffat gang furg ermabnt. Die metrifche Aberfennng diefes Byunns, die wir mabricbeinlich Entber felbit verdauten, "2111

Chr und Cob foll Bottes fein" 13) wird ebenfalls von fifder als "Trinitätslied" bezeichnet. obwohl, dem lateinischen Briginal gang entsprechend, der beilige Beift nicht mehr erwähnt wird als in der Einen Teile: "fampt dem Dater und beilgem Beift". Aber eben diefes ift der Onnft, wo das Lied "Allein Gott in der Bob fei Ebr" von dem lateinischen Urbifd und pon der Cutbericen Überfennng abweicht; in der pierren Stropbe findet fich eine Unrede an den beiligen Geift gang anglog der Aurede an Dater und Sobn in Stropbe 2 und 3. Man vergleiche den oben abgedruckten Text des Bynnins mit unferm Liede, fo wird man feben, wie die drei erften Stropben genan den drei durch Gedankenuriche martierten Teilen des Dorbildes entsprechen, dag dagegen die vierte vollständig freie Dichtung ift. Diefe Chatfache beunruhigt uns mertwürdigerweise garnicht, obwohl die Parallele von "All Ehr und Cob foll Gottes fein" wohl ftutig machen fonnte. Man meint offenbar, dag dem Dichter das Recht guftebe, aus dem "cum sancto spiritu, mit dem beiligen Geifte" eine gange Stropbe beransgnbilden, die fich an die dritte Derfon der Trimitat wendet. Aber murde er dann das Schlug. Umen des Originales an das Ende der dritten und nicht an das der vierten Stropbe gestellt baben? Es ift diefes der ichlagende Beweis dafür, dag unfer bied uripringlich nur drei Stropben gehabt bat, und daß ibm fpater, wie jo vielen anderen Liedern, eine Schlinftrophe bingnaefnat worden ift. Die genaue Parallele finden wir bei dem Liede "Ich armer Menich gar nicht es bin" von Job. Benne, der Abertragung des Melandthonischen "Nil sum". Die altefte form wendet fich nur an den Dater und Sobn, die fpatere and an den Beift. (Wadernagel IV, Ur. 258, 259.) Darans murde dann allerdings folgen, dag unfer Lied bereits por 1525 befannt gemejen fein ning Diefe Unnahme ift ohnedies notwendig. Dafür, daß der älteste uns erbaltene Cert nicht der ursprüngliche ist, genügt allein der Binmeis auf die erfte Teile der zweiten Stropbe: "Dy lauen profen anbeden dy", mo der Reim gu der dritten Geile "dath du Wodt vader emidigt" fordert, "def" ftatt "dy" gu lefen, was in einem niederdeutschen Gesangbuche aus dem Jahre 154214) einmal wieder erscheint. Mit diefer Beobachtung ftimmt auch der Citel des Gefangbuchs, dem der altefte uns erhaltene Drud unfres Liedes entstammt: Enn gant icone unde feer nutte ghefangboek tho dagelinker ovinge genftlinker gefangk und Pfalmen, oth Chriftliker und Evangelischer fchrofft bevestinget, beweret, unde up dat ninge Gemeret, Corrigert und in Saffnicher fprake klarer wen tho vorn verdudefchet. Sunadit ergiebt fic bieraus, dag das Gefangbuch von 1525 die neue Auflage eines alteren Buches ift. Dag diefes ein bochdeutsches fei, wie Badmann meint, ift nicht mabriceinlich, da der Titel ja ausdrudlich von ichlechteren niederfachfifden Uberfegungen redet. Dag aber "Allein Gott in der Bob fei Ehr" nrfpringlid niederdeutich gedichtet ift, ergiebt fich icon aus Str. 1, 5 f., wo den niederfacificen Reimen: "bath - vnderlath", die hochdentichen Wörter: "bat - Unterlag" entiprechen. Ferner zeigt der Citel, dag man die Sahl der Lieder nicht blog vermehrt, fondern dag man den Cert der bereits vorhandenen geandert bat. Und zwar bezieht fich das nicht nur auf das fprachliche Bebiet, fofern man an der Übertragung der Lieder in die niederfadfifche Sprace befferte, fondern auch auf den Inbalt: einen anderen Sinn tann das "Corrigert" in dem dortigen Jufammenhang nicht haben. Unfer fall fonnte ebenfognt unter "gemert" wie unter "Corrigert" gefest werden. Jedenfalls bat die Unnabme nicht die geringfte Schwierigfeit, daß in der alteren 2lusgabe unfer Lied, genau feinem lateinifden Dorbild entfprecbend, nur drei Stropben gebabt habe. Don bier aus geseben, erflaren fich die pou uns besprochenen Dericiedenheiten des Certes gang leicht: Suerft fügte man dem mit "Umen" ichliegenden Liede einfach eine Stropbe fiber den beiligen Geift bingu. Dann empfand man das "Umen" ftorend und anderte es in "Urmen" oder aller", obwohl das lateinische Original dreimal nur "miserere nobis, erbarm dich unfer", nicht "erbarm dich unfer Urmen, bezw. aller" lieft.

Alber was follen wir nun thun? Sollen wir in unfern Gefangbuchern die vierte Strophe freichen und die dritte mit "Umen" folliegen laffen? Das ware febr thöricht. Wie viele

<sup>13)</sup> Dgl. M. Schr. III, 139; Albrecht, Euthers deutsches Gloria: S. 220, Gever, Int das Lied "All Ehr und bob foll Gottes fein" von Luther gedichtet; S. 535, Albrecht, Noch ein Wort gu Luthers dentichem Glorialied.

<sup>14)</sup> Dgl. Wadernagel a. a. O. S. 566.

Bufatiftrophen find in unfre Gefangbucher aufgenommen, die feinen Dorzug vor der bier in frage tommenden baben. Eaft man fie aber fteben, fo gebort es fich auch, daß man das Solugamen in der dritten Stropbe befeitigt. Un fich bleibt es gleich, ob man ftatt deffen "Urmen" oder "aller" fest. Beides find Korreftnren, und dag die erfte fruber in Gebrauch gefonmen ift, giebt jener doch feinen besonderen Dorgng. 3m Gegenteil, da "aller" jest faft allgemein in Gebrauch genommen ift, fo mare es miderfinnig, wollte man Wadernagel folgend es durch "Urmen" erfeten. Das Einzige, was man thun fonnte, mare, dag man mifchen Strophe 3 und 4 einen Strid madte, um angudeuten, dag lettere urfprunglich nicht dem Liede angebort babe. Dagegen ergiebt fich fur den liturgifden Bebrauch aus unfrer Untersuchung eine wichtigere folgerung. Derwendet man unfer Lied nicht als allgemeines Dante und Bittlied oder als Trinitätslied, fondern an Stelle des "Ebre fei Gott in der Bobe" mit folgendem "Wir loben dich", fo follten nur die drei erften Stropben gefungen werden. Die dritte aber dürfte meiner Meinung nach nicht mit ichmachen Registern aufgeführt werden (vgl. die gegenteilige Unficht in der Ummerfung gur 2. 2lotenbeigabe), fondern, den majestätischen Worten des Unfangs und dem Gefamttenor des Bymnus entsprechend, mit voller Kraft. - -

27och ein paar Bleinigfeiten feien erwogen, weil fie vielleicht nicht gang obne fymptomatifchen Wert find. Die drei alteften niederdentichen Terte, jowie die beiden alteften bochdeutschen lefen in Str. 1, 4 "ein Schade", was and in fpateren Druden, 3. B. dem Marburger von 1549, dem Magdeburger von 1596, wiederfebrt. Später bat fic die Lesart "fein Schade" verbreitet. Da dieje nach unferm modernen Sprachgefühl unrichtig ift, fo bat man fie, vor allem ans padagogifden Grinden, bier und da verlagen und ift, obne es gu wiffen, damit zu der Original-Cesart zurudgefehrt. So z. 23. das Gefangbuch für Jülich, Cleve, Berg und die Grafichaft Mart, der Vorganger des nenen Gefangbuchs fur Rheinland und Wenfalen. Cetteres bat dann aber feltsamer Weife das archaiftifche und nicht urfprungliche "tein Schade" wieder aufgenommen. Weshalb das, da diefe Lesart dort durch feine Brunde der Cradition gebalten mar? Die richtige Cesart finde ich 3. 3. in den 150 Kernliedern der Eifenacher Konfereng, in der felbitändigen, daraftervollen Ericeinnng des Meininger Udermanniden Gefangbudes, in dem nenen für Eljag-Cothringen, in denjenigen für Mülbaufen i. E., für die dentide reformierte Schweig, für Württemberg, Agypten, Bremen, Ofterreich. Die große Mebrheit der deutschen Kirchen gefällt fic darin, gedaistischer gn fein als das Original. --

Die zweite Strophe bietet Unlaß zu einer Frage nach ber Intention bes Dichters, beren Leautwortung von einer verschiedenen Interpunftion abhängt. Unfere meisten neueren Gesangbilder lesen:

Wir loben, preif'n, anbeten dich daß du Gott Dater ewiglich für deine Ebr; wir (bezw. und) danten, regierft obn alles Wanten.

Am eine Heine Minorial sent hinter die eiste Zeile ein Komma und verdindet "für deine Ehr" mit dem solgenden "wir danken", nämlich das Strafburger Gesanghach sie Chrisen Iluzsburgischer Konsession, das sür die en. Inth. Kirche Anglands, die für Meckendurg, Iranstein Kranklung, Iranstein Kranklung, Iranstein Kranklung, Iranstein bespielen sich im Schlepptan von Wackenagel. Das dessen und Essassion falsch is, das mit schlagenden Gründen gegen K. Knobes Zussimmung Kauveran erwiesen. Bi, das mit schlagenden bleiben die neueren Gesangbücher, 3. 23. die für Altendurg, Österreich und der Entwurf sir Iransschlung gedansteiles in der alten Richtung. So wird es wohl nicht schriftige sein, den Zuachweis der Unrichtigkeit jeiner Wackenagelschen Interpuntition noch einntal zu erbeinigen. Die ältesen Deutse geden überhaupt die Interpuntition so lückenhaft und willklicklich, daß sie die Sache nicht enuschender dennen. Jedenstalls sinder sich dort nitzends hinter "Eher" ein Sanzeichen. Das gilt and sieht das sein Wackenageliche Juter-wachen des ind eine große Masse durchgesehen habe. Es scheint, das die Wackenageliche Jutervon denen ich eine große Masse durchgesehen habe. Es scheint, das die Wackenageliche Juter-

th) Eine Interpunttionsfrage in dem Liede Allein Gott in der Bob fei Chr, in: Seitschrift fur prattifche Theologie XIX, S. 253.

punttion eeft ein Produtt unires Jahrhunderts ist. Daß sie nichts mehr bedeutet, als eine Lippothese in die blane kuft des ästhetischen Gestühls hinein, kann man so erweisen, daß eine Allemenseichen mehr möglich sie. Jamächst weit schon die Merkreitst unires Liedes darauf hin, daß es eine Übertragung des Meßistüdes Gloria in excelsis zum Gebrauch in dentschen Kultus sein soll. Der lateinische Cert abere: gratias agimus tibi propter magnam gloriam tumn, läßt teinen Jweisel darfiber bestehen, daß die zweite Seile nustrer Etrophe nicht durch ein Satzeichen auseinandergerissen werden dars. Dazu kommt, daß, so viel ich sehe, alle deutschen Überschungen sich gegen diese moderne Verbindung kehren. In kuthers Glorialische heist es:

Ach lieber Gott, dich loben wir vnd preisen dich mit gantzer gir auch kniend wir anbeten dich.

dein ehr wir rhumen stetiglich. Wir dancken dir zu aller Zeit vmb deine arosse herrlichkeit.

Es ift das eine genane Wiedergabe des lateinischen Tertes. Micht anders fiebt es mit den Orofaüberfetumgen. 2firgende, weder in 2fieder-, noch in Mittel- und Oberdeutschland oder in der Schweig, findet fich eine Derbindung des "für deine Ehr" mit "anbeten" ftatt mit "danken," übersetzte man nun "Wy feagen dy dand vume dyner groten ebren willen" oder "Wir fagen dir Dauf von wegen deiner großen Ebre" oder "Wir danten dir um deiner großen Berrlichfeit megen" oder "Wir fagen dir Daut, o Berre, um deines großen Preifes millen" oder "Wir fagen dir dant umb deiner großen eeren und gutbat willen". Wer diefe Chatface im Gedachtnis bat, tann gar nicht auf den Gedaufen tommen, in unferm Liede beine es: "(wir) anbeten dich fur deine Ebr". 2lber damit ift auch icon ber lette Unsweg perleat, den Knote betreten bat: der Dichter unfres Liedes babe fich an das griechische Original angelebnt. Wie follte er allein von allen feinen Teitgenoffen den griechischen Cert benutt baben, deffen bier in Grage fommende form aus den apostolischen Konftitutionen gang wefentlich von dem Cert der Meffe abweicht, den er doch ausdrudlich verdeutschen wollte? Und überdies zeigt ja ein weiterer Bergleich unfres Liedes mit dem griechischen Texte der apostolischen Konftitutionen, daß es diesen nicht in Berse gesetzt hat, mabrend der Tert aus dem codex Alexandrinus der Bauptfade nad mit dem lateinischen der Meffe gufammenftimmt.16) - Illes in allem genommen follte man fagen, es fei unmöglich, dag fich iene moderne Interpunktion hielte. Aber die Gedankenlofigfeit ift oft größer, als es felbit bei feblfamen Meniden erlaubt ift: Das baverifde Gejangbud, das für das deutide Beer und die Marine lefen in unferm Liede "(wir) anbeten dich fur deine Ehr", in der beigedruckten Liturgie dagegen "wir fagen dir Dant um deiner großen Ebre willen". Ob man mobl auf eine Abstellung diefes Swiefpaltes boffen darf? -

Auch die dritte Strophe nufres Liedes giebt noch Atulaß zu einer kleinen intereffanten tegtkriichen Erwägung. In der füuften Seile lesen die beidem alleisten wiederdeutschen Drucke von 1525 und 1526: "kam dodes hyllighe here nid groeth", mahrend alle hochdeutschen, aber anch die späteren niederdeutschen "herr und Gott" baben. Zachmann und Wackernagel erklären "groeth" ohne weiteres sür einen Drucksehlen. Das ist von voruherein unwahrscheinlich, da die zwei besten Jengen dassie sind, albeit nich da sich "Gott" als Korrettur des "groeth" sehr vor leichter erklärt als das Umgetehrte, und da endlich das lateinische Original sür "groeth" spricht. Dergleicht man dieses (siehe S. 160), so erkennt man: die Worte "hyllighe her wid groeth" entsprechen den lateinischen tu solus anctus, in solus dominus, usolus altissimus ("Du alkein bis he tilst, du alkein bis der there, du alkein bis der höch die höch der höch, und nicht den am Ausang des auf Christus sich beziehenden Abschnitzes stechenden: Domine fill unigenite Jesu Christe, domine deus, denen die Unstangszeilen unster Stropke entsprechen, und denen das darasteristische "beilig" sehlt, sowie ein "und" zwischen "herr Gott". Die Wendung "hyllighe here und groeth", bei denen das erste Altribut

<sup>16)</sup> Der Cert aus den appli. Kontituntionen lautet in dem bjer in Vertacht fommenden Ubidmitt: αίνοθμέν σε, εὐλογοθμέν σε, (εὐχαριστοθμέν σε,) δοξολογοθμέν σε, προσκυνοθμέν σε δία τοῦ μεγάλου άρχιερίως, οἱ τὸν δίντα θεὸν ἀγλυητον ενα, ἄπρόσισον μόνον διά την μεγάλην σου δόξαν, der aus cod. Α δαμερεπ: αίνοθμέν σε, εὐλογοθμέν σε, προσκονοθμέν σε, δοξολογοδμέν σε, εὐχαριστοθμέν σε διά τήν μεγάλην σου δόξαν.

flektiert dem Namen voransgeschlt ist und das andere unslektiert ihm folgt, ist sprachlich tadellos. "Groeth" = groß im Sinne von hoch, altus, findet sich oft in Derbindung mit Herr; val. die vielkach an unsser kied antiquenden Derfe:(17)

Christus drecht vnse missedath, toech an ein knechtes liff gerat vor vns de grote Herr vnde Godt.

Ie hanfiger nun aber die Worte Gerr und Gott nebeneinder vorsommen, um so begreisticher ist es, daß man in Tichtbeachtung des lateinsichen Originals dem Cest anderte, zumal da bei der Übertragung ins Siochdeutsche "groß" und "Zot" sich nich mit einander gereint bätten. Undererseits reimen sich im Tiederdeutschen "groeth" und "noeth" bester als "god" und "noeth". Sur unfter Praxis hat die als ursprünglich berausgestellte Cesart "groeth" seine Bedeutung. Immerbin trägt die tichtige Beurteilung dieser Feile zum Verfandings des alten Gloria-Ciedes uicht unwesentlich bei.

#### Die neue evangelische Kirche in Werden a. R.

von Regierungs : Baumeifter Seng in Köln.

2m 24. Juni 1900 wurde in Werden a. d. Aubr eine neue evangelische Kirche durch ber General-Superintendenten der Abeinproving, Berrn Umbed, in Gegenwart vieler Geistlichen der Umagenid eingeweibt.

Obichou die evangelische Geneinde Werden ihre Entstehung bis auf den Michaelistag des Jahres 1530 grundssibet, hatte sie doch in der Beit unter der bertschaft der Entholischen Elbte viele Unfechungen und Vedricungen durchzunachen. Erft nachdem die Albtei Werden dem Königreich Prengen einwerleibt war, konnten die bisher nur geduldeten Protestante daran denten, sich eine Kirche mit Turm zu erbauen. Den beschänkten Mitteln entsprechend, fiel das Gebände jedoch nur sehr bescheiden aus und war eigentlich nichts Underes als ein großer Vetsaal mit stader Vede.

Durch die glückliche finanzielle Entwickelung der Gemeinde war es aber in den letzten Jahren möglich, auch einen ihrer Zedentung entsprechenden würdigen Kirchbau zu errichten. Das neue Gebände erthebt fich auf dem leicht gegen die Erraße ansteigenden Garten-lande des jogenammen Gaste und Urmenhaufes, einem alten früher vor den Choren der Stadt Werden belegenem Bote, dessen Gesklichte bis auf das Juhr 1388 unführeicht.

Seit dem Jabre 1831 wurden die alten Banfichreiten von der evangelischen Gemeinde als Waisen. Armen: und Frankenbans benuty, bis für diese Jwede nach und nach durch nilbherzige Stifter ichforere Tenbauten empanden waren.

An der Stätte dieser alten Gebande, die jest abgebrochen werden konnten, wurde die neue Rirde nach den Plainen des Derfassers dieser Feilen unter deffen keitung in den Nabren 1897-1900 errichtet.

Wie die Albifoling zeigt, ift das Gottesbaus mit einem nach der heckftraße belegenen Turm in gorm einer Sentraffirche in modernen Stilformen, die fich an die deutsche Renaissauce der Arsymmationszeit antehnen, erbant. Das Angree ist in roten Siegen verblender; weiße hansteine bilden die Schmudglieder. Ein griechtiches Krenz, dessen Querarme durch polygonale Konchen erweitert wurden, bildet das hauptschiff, in dessen Gen niedrigere Albantun den Namm verarößern.

Kangel und Altar liegen in der Bauptachje dem Baupteingange im Turm gegenüber, über letteren befindet fich die einzige Empore der Kirche mit der Brgel.

Das Junere faßt jest 1000 Sigplate, jedoch können durch fpateren Ausbau der feitlichen Emporen noch weitere 300 Plage beschafft werden.
